Pilatsky & Cohen.

Han. 9th, 1914.

Mrs. Orenstein.

Jenny D'Anagello, who has been here ever since three years of age has never gone to school. Jenny earns \$4.50 a week. She speaks a very broken English. "Mother had a too much children. I always have to stay home and help. Two times we moved because men come and say I must go to school". There are six children in this family under nine years of age. The 21 year old brother who has already married, occasionally contributes \$10 to the family. The father is a plasterer, averages \$13. a week.
